

**The 9th International Conference
on Tourism and Hospitality between
China and Spain
(ICT2019)**

ICT 2019 - The 9th International Conference on Tourism and Hospitality between China and Spain

The deadline for submitting abstracts has been extended to 20th May

In its 9th edition, the International Conference on Tourism and Hospitality between China and Spain (ICTCHS 2019) will be held at Barcelona, Spain, from September 30th to October 2nd.

All original paper contributions in English and Chinese that may help in the mutual understanding of Asian-Western tourism research and development are welcome to submit to the conference. The conference will have two major parts, the academic part and the industrial part. The academic part is for international researchers in tourism and hospitality related fields from all over the world interested to exchange their research results directly. The industrial part is mainly addressed to the tourism and hospitality sectors to promote an active cooperation between Western and Chinese companies to provide business opportunities and direct contact.

Barcelona is the cosmopolitan capital of Spain's Catalonia region, it is best known for its art and architecture. The fantastical Sagrada Família church and other modernist landmarks designed by Antoni Gaudí dot the city. Museum of Picasso and Foundation of Joan Miró feature modern art by their namesakes. Other "must see" places include the street La Rambla starting from la Plaza de Catalunya, the magic fountain of Montjuïc, the home of Barcelona football team Camp Nou, ... just to name a few.
